散及油造製油藥好選揀

KWONG CHI KOON is one of the largest Native Drug shops in Canton, employing about 200 men. The Proprietor, Mr. U Yau Ting, is a man of great energy and business capacity, and is also a dealer in all kinds of medicine, and is generally well known in the Cantonese and foreign countries, giving people of western lands the benefit of his medicines.

He has submitted to me the formulas of some of his preparations for examination, giving full explanation as to the medical qualities of the ingredients. "I have found the Tung Kwan San or Army Medical Powder and the Tit Ta San or Falling and Bruising Medical Powder eminently good. They are exceedingly good for all kinds of gum, with red oxide of mercury and yellow sulphide of arsenic, animal and vegetable charcoal. Besides this it contains gold leaf, tiger's and dragons' bones, shavings of antelope and rhinoceros horns, which I have always found that chemical analysis proves to be inert, he proposes to omit from the medicine prepared for foreign use.

The medicine is to be chiefly used as a styptic, and is put up in small metal bottles by which it can be injected into the nostrils.

The small amount of oxide of mercury and sulphide of arsenic will not be dangerous used in this way.

(Signed) J. G. KERR, Canton.

Directions are given according to the Chinese method of using the medicine. The nature of the oil is very mild, but its action is exceedingly good, possessing wonderfully curative effects in both internal and external diseases. As it is an invaluable remedy it should be kept on hand ready for use by all persons, whether at home or abroad.
